A note about accessing the eReader and offline access to your content: There will be a one-time configuration message the first time you access the eReader. You will be prompted to create an account in the eReader. The purpose of registering an account is to enable the content for offline use. Keep the following in mind:

1. If you have used the VitalSource reader before, enter your valid VitalSource credentials and sign in.
2. If you do not already have a VitalSource account, you may create one by entering the required information and clicking register.
3. You may also bypass registration which will allow you to read online only. If you choose to bypass, you may always complete registration later to enable offline access.

2. Click on link that redirects student to bookstore. Then click the "Log in" Button.

The screenshot shows the MBS Direct website with a blue header containing "Log In to Your Account" and a "Menu" icon. The main content area features a background image of a brick building with the text "All your digital content, all in one place." and "Log in now to access your eBooks, online codes and digital materials". A blue "Log in" button is highlighted with a red box, and red arrows point to it from the text above.
